Pick 4 and answer them fully.

- **Explain the different kinds of definitions that Tavinor discusses, and why he settles on attempting to define “video game” in nominal way.**

- **Explain how narratology, ludology, and interactive fiction define video games, and then explain why Tavinor rejects them.**

- **Explain Tavinor’s own definition, and why he views certain components of his definition as necessary, and others disjunctive.**

- **Explain the problem of empty names.**

- **Explain how Reimer describes Salmon’s solution to the problem.**

- **Explain Parson’s solution to the problem.**
